

# QUICKSTART GUIDE

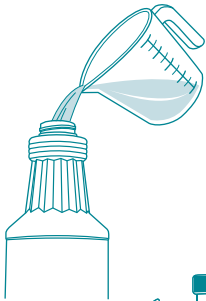

# PEROXiwash™

## Testimonial

“ In my mind Virox has created the ideal bathing solution for pets that is not only a great cleaning product but also makes the process a more Fear Free experience ... Also, because the product does leave the dogs odor free without a strong perfume smell that many shampoos leave, it is friendlier for the pet's sensitive noses. Not only is it easier for the pets (and me) but the results are amazing. ”

Debbie Martin, LVT, Veterinary Technician Specialist in Behavior  
Fear Free Level 3 Certified  
Veterinary Behavior Consultations and TEAM Education in Animal Behavior

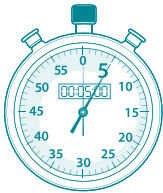

## How to Use Peroxiwash™

### STEP 1

#### Dilute the concentrate with water

Dilute Peroxiwash™ at a ratio of 1:32 for general shampooing or 1:16 for heavily soiled animals. Diluted product can be stored for up to 30 days.

### STEP 2

#### Apply

Apply the diluted product and let it thoroughly soak down to the skin and stay wet for 5 minutes.

### STEP 3

#### Wash

Gently massage to loosen soils and debris.

### STEP 4

#### Rinse and dry

Thoroughly rinse with water and dry with a towel. Re-apply daily or as desired for a cleaner, healthier-looking coat.

## Success & Troubleshooting Tips

### NO FOAMING!

Peroxiwash™ is free from harsh chemicals including lathering agents, so it won't foam. It provides superior cleansing resulting in shinier and sleeker coats and can be used daily or as desired.
